The Rules Docket (AGC 200)
Federal Aviation Administration
800 Independence Ave, SW
Washington, DC 20591

To whom it may concern:

Doc's Friends, Inc., (DFI) is requesting a renewal/extension to our Exemption NO. 17912A dated January 11, 2021, to allow for the continuation of our Living History Flight Exemption (LHFE) program on N69972, a B-29 Superfortress.

Careful attention to detail has been made to ensure we continue to meet and exceed the expectations, conditions and limitations set forth by the FAA's previous decision and policy on this matter for an exemption from §§ 91.319, 119.5(g), and 119.21(a) of Title 14, Code of Federal Regulations (14 CFR) to the extent necessary to allow DFI to operate aircraft for the purpose of carrying passengers for compensation or hire for living history flight experiences. Additionally, our record of inspection by increased oversight from FAA offices across the country since 2021 shows our commitment to and focus on safety, as well as our attention to detail.

Further, there have been no changes in the conditions and reasons relative to Public Interest and Safety, which were included in the FAA's decision for the issuance of the original exemption.

By submission of this letter, we are requesting a two-year renewal/extension to Exemption NO. 17912A. We look forward to answering any question you may have regarding this topic and request.

Respectfully,

Josh Wells
Executive Director, General Manager
Doc's Friends, Inc.
